What is most important to you in reviews?  Posted by t3h anarchist - 2008/10/04 04:51
Ok, in this thread, list what you, as a buyer, would want to know about a product. I have been writing reviews, and i see that i write about the same topics for each rubber. Tell me some things that you would really like to know about in the reviews.

I think for a "brief" review, the best thing to do is to compare to something that's very popular and well

known, since you can't go into all the details.
