Chinese National Table Tennis Training Center (www.cntttc.org) is located in Shijiazhuang zhengding near the Capital city of China-Beijing.
CNTTTC is probably the greatest table tennis training centers in China.we are the group of energetic and passionate people for the sport of Table Tennis. Chinese National Table Tennis Training Center is established in catering for those who are extremely eager and desirous of high standard of playing on Table Tennis Sport by provision of excellent facilities & equipment; professional coaching & high companion playing with 4-star hospitality.
I would believe that through professional training here can make your ping pong total different, very particularly comparing to the very amateur coaches in your town. I would highly recommend this center especially for table tennis players who are looking to improve a lot. All Chinese national table tennis players will be intensive trained here before they go out for international competition. So the center is regarded as the cradle of world champion on table tennis. At the same time. We still offer professional training for player from other foreign countries. Every summer holiday we will hold the international table tennis training summer camp. If you want to get more information about the training center. Please feel free to visit our site. or email us at cntttc@163.com
Best regards.
